

Nutrition Education Intern Job Description

For more than 90 years, Standard Process Inc. has been a visionary leader in whole food nutrient solutions. Our whole food philosophy and mission to change lives extends far beyond our supplements to the very people we employ. This strong foundation has created an environment where our employees are seen as members of our family and are given the tools and resources to succeed, both personally and professionally.

Internship Overview

Standard Process offers internship opportunities to college students at various levels in their academic career. Interns will be provided with work responsibilities similar to that of an entry-level professional. The work responsibilities will build upon classroom studies and give interns real-world experience in their chosen career path. We are currently seeking a college student for our paid summer internship program which begins May 24, 2021.

Position Overview

Under the direction of the Nutrition Learning Manager, the Nutrition Education Intern will be responsible for working on the digital education platform, WholisticMatters.com, to provide nutrition education through many modes of communication. Day to day reporting will include the intern working directly with the Clinical Nutrition Communication Specialist.

Essential Functions

- Complete a competitive analysis of similar educational platforms
- Create posts for social media platforms, interact within comments
- Research weekly trending topics in the health and wellness industry as related to the mission of WholisticMatters.com
- Write at minimum one nutrition science article on specified topic that translates key technical concepts into digestible and relevant insights
- Create at minimum one infographic related to immune nutrition and health

Hours

- 40 hours per week
- 8:00am - 4:30pm, Monday - Friday, or as job responsibilities require

Qualifications

- Beginning junior or senior year in Fall 2021, preferably
- Majoring in Nutrition, Science, and/or Public Health OR a Communications/English major with an interest and an understanding of nutrition, science or health writing

- Experience with web content, technical writing, technical documentation, content writing, and/or editing a plus
- Experience with content management via WordPress a plus
- Experience with Microsoft Office Suite (Excel, Outlook, Word)
- Experience with digital marketing/SEO a plus
- Preferred candidates will be self-motivated and have excellent time management
- Professional social media presence with experience using Instagram, Facebook, LinkedIn and/or podcasts

Benefits of an internship at Standard Process

- Gain professional work experience in an area related to your degree
- Work in a fun atmosphere with mentors that are excited to help you learn
- Take advantage of our amazing employee benefits package:
 - On-site 24x7 fitness center
 - Whole food court
 - On-site chiropractic care
 - On-site massage therapist
 - Personal trainer
 - Daily fitness classes
 - On-site life coach
 - \$450 monthly Standard Process supplement allowance
- Paid holiday time
- Company hosted outings and events
- Strong community involvement
- And more!
